

To access our online Pyware account:

Go to www.Pyware.com

Once there, click on “Student Viewer” on the left side of the screen.

Follow the instructions under “To download the Performers Practice Tools.”

Once it is installed onto the computer, find it where you saved it, and click on it.

On the first page you come to, click on “continue.”

On the next page when it asks you if you want to buy, activate, or get more info., just click “skip for now” on the left side of the screen.

Then it will ask you for your cast member name and instrument. Type in your name and select an instrument. Then Click “Log in.”

When it asks you what you want to do, click on “performers practice tools”.

Then click “Download more,” and type in Arapahoe High School as the account name, and 34492 as the password. Then Click on “open” and keep continuing until it tells you that you are not a cast member.

Click on “be a guest performer.”

Then on the next page you can select which performer you would like to be.

From there, you can then select which performers tool you would like to use. If you would like to watch the drill of the show with the music, click on “drill explorer”.
